Dear Mr. Savoca,

I am writing in response to your Freedom of Information Act Request regarding a bank robbery in late July of 2003. A few of us have some recollection of such event that may have been around that time frame but neither I nor the Jackson County Sheriff's Department appears to have any records of such case. All financial institutions in the confines of Jackson County are located within one of the two municipalities in the county. Both of those cities have their own respective police agencies and would be responsible for any investigation/report detailing any such robbery. Therefor I am unable to provide you any of the requested information.
